2. Read draft Administration Report for 1902-03.

Resolution.—Adjourned to 31st instant.

3. Read Vice-President's memo regarding the work remaining incomplete in the Basavangudi and Malleswaram Extensions in connection with the acquisition of lands, settlement of compensation, etc.

Resolved that Government be addressed on the subject.

4. Read plan and estimate for a temporary meat and fish market in fort.

Resolved that if the Sanitary Commissioner has no objection to this, the scheme may be given a trial.

5. Read docket No. 4646—1741, dated the 19th September 1903, from the Executive Engineer, Bangalore Division, regarding the extra cost to be borne by the Municipality in connection with the installation of Washington Lamps at the Cubbon Park.

Resolved that this extra expenditure be granted.

6. Read consideration of the proposal by Veterinary Surgeon Mr. N. Narasimiengar for opening a Hospital for animals in the Bangalore City.

Resolved that this institution be given a trial to the end of the official year on the understanding that Mr. N. Narasimiengar will guarantee his services free for that period. The expenditure required to be met from the savings of the dispensary proposed to be opened in No. I Division.

7. Read re-consideration of the question of acquiring the piece of land to the south of the Municipal Garden for the purpose of extending it.

Resolved that the acquisition of this land is not necessary as the money could be better spent in making the present Dharmambudhi tank bed into a recreation ground for the City.

8. Re-appointment of a Sub-Committee to consider the question of suggesting means to prevent accumulation of arrears of Municipal Revenue year by year.

The Board regrets that none of the members, except Mr. Bronson and the Bangalore Amildar, have found it convenient to attend when called upon at either of the three meetings and that consequently it is resolved to dissolve the Sub-Committee and that a new one be nominated in its place to consist of the President, Vice-President, Messrs. Bronson and Cameron to draw up a list of proposals.

9. Read memo by the Vice-President regarding the present defective drainage in the City.

Resolved that this being an extensive question, it be adjourned for future discussion at a more fully attended meeting.

10. Read proposal to enforce some alteration in the construction of jatkas and all circular roofed carts by providing them with apertures on either side about the level of the drivers' head through which the driver can see carriages crossing his own and avoid the present danger of collision.

Resolved that suggestions be made at a future meeting for building improved mode of jatkas before licensing the same.

H. H. SPARKES, *President.*

MYSORE CITY MUNICIPALITY.

REVISED RULES FOR THE REGULATION OF HOUSE-CONNECTIONS FROM THE VANIVILAS WATER WORKS.

1. The supply of water from Vanivilas Water Works being intended exclusively for *bonâ fide* domestic purposes, the water drawn therefrom, whether from public fountains and taps or from private house-connections, shall not be used for any other purpose whatsoever. A supply of water for domestic purposes shall not include a supply of water for horses or washing carriages, where such horses or carriages are kept for sale or hire, or a supply for any trade, manufacture or business or for fountains or for any ornamental or mechanical purpose or for watering gardens or roads. Water which has been used for washing, bathing or other domestic purpose may be collected and used for gardening or other non-domestic purposes, but on no account should pure water be drawn from the taps for these purposes, provided that, with the special permission of the President, water may be taken from the fountains and hydrants for watering public roads on special occasions.

2. Until further orders, private connections to houses from the Vanivilas Water Works will be limited to houses whose annual rental value is not less than Rs. 120 and to localities where the capacity and pressure of the public water mains permit of such connections being made without detriment to the street service.
